

ADVENTURE CAMPER MANUFACTURER

WALL & FLOOR PANELS

AVIENT SOLUTION

Polystrand™ Thermoplastic Composite
Sandwich Panels

WHY AVIENT?

- Custom formulated the panel construction to meet lightweight, durability, and insulation requirements
- Avient engineering team provided on-going material sampling and technical support throughout the development cycle
- Ensured the face sheet structure provided a smooth surface finish and good adherence to paint or aluminum fixtures

LEARN MORE

KEY REQUIREMENTS

- Ability to customize the face sheet structure, core material, and thickness to meet performance requirements
- Lightweight, high strength-to-weight ratio compared to wood and aluminum
- UV, chemical, and moisture resistant
